MADRID APRIL 26TH-28TH

XIII CNPT Annual Congress

TO ACHIEVE IN 2040

TOBACCO
FREE
GENERATION

PARTICIPANT COMMITTEES

9TH ECTOH MADRID 2023

NEXT EUROPEAN CONFERENCE ON TOBACCO OR HEALTH MADRID, SPAIN

WHAT IS ECTOH?

It is a pleasure to be celebrating the **9th European Conference on Tobacco or Health (ECToH) in Madrid, from 26 to 28 April 2022**, and you to be part of it.

ECToHs are organised every three years under the auspices of the Association of European Cancer Leagues (ECL). These Conferences are recognised internationally as the main European forum for tobacco control advocates. Each ECToH is attended by the most important policy makers, scientists, researchers, advocacy officers, health professionals as well as all others strongly committed in the fight against tobacco.

The **9th ECToH Madrid 2023** is being hosted by the Spanish Association Against Cancer and the Spanish Committee on Tobacco Prevention.

This year our goal is to generate a social movement involving the different actors that play a key role in tobacco control in order to achieve our primary goal set by the European Union (EU) which is: a **'Tobacco-Free Generation' in Europe where less than 5% of the population uses tobacco by 2040**.

We are certain that this Conference will give us a great opportunity to continue our work in the fight against tobacco and to strengthen the tobacco control community to achieve that goal.

WHO WILL PARTICIPATE?

Honorary President

HM the Queen of Spain, Honorary President of the Spanish Association Against Cancer and its Scientific Foundation.

Congress Presidents
